

# just : **sign**

**legal certainty** over  
generations.

digital signing, simple as that.

## QES – qualified electronic signature

No compromises with **Unified Trust**. Uniform and simple **validation of signatures over generations**. **One responsible trust partner**, legally protecting all your transactions.

**Quick & easy onboarding** for your employees, partners, and customers via video or eID. **Sign instantly** with the **German Identity Card** or **ID Austria**. Or simply buy and distribute **signing certificates from our online store**.

Benefit from **easy-to-use workflows** and **mass processing** when signing or sealing your digital documents. Use **business certificates** and **add your company name, roles, and functions** in signatures.

Directly integrated in **Adobe Acrobat Sign, Fabasoft**, and other applications.

Quick & easy integration into existing workflows via **web-based signing service** or standard interfaces such as **CSC-API**.

- **Easy to use**
- **Green check mark** in Adobe Acrobat
- **100% eIDAS & GDPR** compliant
- **Data never leaves** your company
- **Long-term verifiable signatures** (LTV-enabled / 30+ years)
- **24x7 onboarding** in minutes
- **Trusted by users in 165+ countries**

**trust** is not a matter of **signing**,  
it is a matter of **verifying**.
